Dental Implant Surgery
Complications, Etiology and Management

Dr. Raid Sadda received his doctor of dental surgery (DDS) from New York University, college of dentistry. For over 37 years he has been practicing oral and maxillofacial surgery and over 18 years practicing dental implant in New York and New Jersey.

He has completed a 2 year postgraduate fellowship implantology program at NYU, and has been a professor at NYU and attending Oral surgeon at St. Barnabas hospital in Bronx for over 16 years. He holds memberships in many associations including Royal college of surgeons of Ireland/Dublin, International Association of Oral and Maxillofacial Surgery and Academy of Osseointegration (Implants).

He has received several national and international recognition awards, and has been invited as a guest lecturer from different universities and countries. He has published several articles in trauma and dental implant, below is some of them:
